**ARE YOU
A THINKER
AND
A DOER?**

REASON

Work is hard, working without purpose is harder. The only way to make it easier for yourself is to work with those who love what they are doing and why they are doing it. Apply to us is if you want to love your work.

VALUES

Right and wrong is not just an opinion, it is empirically, theoretically, and contextually determinable. We are looking for individuals who can understand right and wrong in both business and in society.

QUALIFICATIONS

We are individuals who are not limited by our qualifications. Our lawyers, economists, psychologists, and management resources collaborate to get us results.

AREA OF WORK

We are a limitless company and expect you to be the same. We are looking for minds that want to excel across disciplines and situations.

SOME OF THE THINGS YOU WILL GET TO DO WITH US

As a member of our team, you will be a vital piece of our puzzle, solving complex problems across an array of projects. Your role will encompass a wide variety of tasks including, strategy, implementation, market research, content creation, and digital transformation. Everything that we do is geared towards enabling Eight Goals One Foundation (8one) affect pragmatic sustainable progress in different geographies around the world. We expect you to do the same by offering you an opportunity to go beyond the business world and make a real impact that benefits all and not just a few.

Manage companies across different verticals including strategy, acquisitions, efficiency management, manpower planning, business development, and branding.

Help in drafting policy papers for the government, both on request and out of social obligations that we place upon ourselves.

Work for society as part of our foundation and help bring sustainable development to regions commonly ignored by the government and development agencies.

Interact with sports franchises and professional athletes and help them achieve collective and individual success.

Ideate and implement grassroots and systemic level interventions geared towards improving the education ecosystem.

Develop synergies and collaborate with international and intergovernmental organisations in the social development sector.

Write analytical reports and thought pieces promoting better management and social progress.

Conceptualise web and phone apps as well as see them through their development, launch, and growth.

Strategise social media engagements for celebrities, businesses, and brands.

OUR VARIED WORK

We have delivered TEDx talks.

We have drafted a legislative bill for the Government of India

We have set up India's first full season
football league for 6-12 year olds

We have actively engaged with CII, FICCI, NAWF,
WICCI and Ecocivilisation for numerous interventions.

We have delivered lectures at the behest
of Harvard University

We have helped a Fortune 100 company restructure its India operations

We have committed to 10-year MoUs for development in Manipur and Mizoram.

In partnership with

We have collaborated with UNESCO to propagate the fair principles across India.

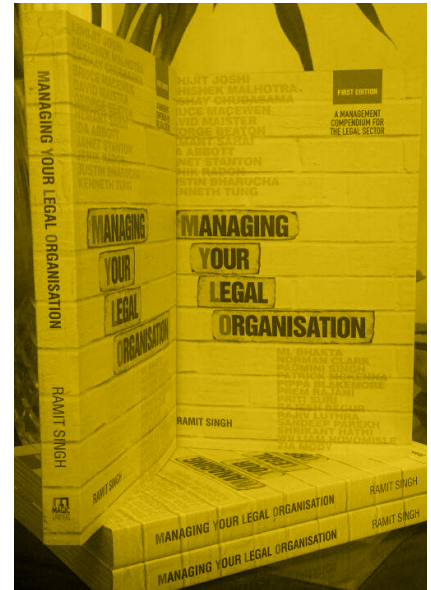

Facilitators of the quarterly Global Open House.

We have been awarded for our leadership by the WEF (Women Economic Forum).

Chair of the Jury of the International UNESCO/ José Martí Prize.

We have published India's only management book for the legal sector.

A hand holding a gold microphone is visible on the left side of the image. The background is a blurred crowd of people, with a yellowish tint overall.

THE CRITERIA WE WILL USE FOR SELECTION

The criteria that we at TRG value more than anything else are given on the right. Whether you are a law, engineering, journalism, or management student, everything else you need to succeed at TRG can be taught by us, as long as you are willing to learn.

Willingness to work
across areas
irrespective of
your educational
qualification.

Excellent command
over the English
language.

Ability to think,
question, and reason.

Team work and
putting others first.

YOUR STIPEND

Our members will receive commensurate remuneration as a part of their incubation towards allowing them to explore their potential. This is merely financial security. We want you to be able to take charge of your ideas, thoughts, even fragments of your dreams and put in the effort to turn them into reality. We want you to assist all your team members in doing the same.
